

Our projects

Inter – generation solidarity and protection of human dignity – building and developing a nationwide net of the people who want and can help and those who seek help, advice and education.

Let's save lives – consultation, specialised assistance and material and financial aid for pregnant women and families in need.

FEMINA

The Centre of the specific help Femina – basic social consultation and specific help for girls, women and families in a difficult financial situation.

Advisory Centre Alexis – consultation and help in solving problems related to unplanned pregnancy.

TLAKOVÝ HRNIEC
rýchle a výživné debaty

Pressure cooker – Discussions with high school students which help to form their attitude towards protection of life, marriage as well as sensitive topics such as infidelity or pornography.

The Day of The Unborn Child

campaign support – 25th of March 2020

www.25marec.sk

20th
YEAR

Wear the white ribbon
and make the invisible people visible.
Every human being has the right to live.

The Day of
The Unborn
Child

25th March 2020

- Slovak nationwide campaign,
- The day of The Fight for Human Rights
- International Remembrance Day of All Unborn Human Beings.

Make the
invisible
person
visible

The White ribbon

- Wear the white ribbon so everyone can see that we care about lives of conceived and unborn children.

Together
for the big
thing

We wish for life

- from conception to natural death.
- Every human being has the right to live.

The campaign
is organised
by

Fórum Života

- together with the volunteers partners and supporters

The program
of the campaign:

• Concerts for life:

- 20. 3. 2020, Banská Bystrica
- 27. 3. 2020, Bratislava

• XXII. Choose Life conference

- 28. 3. 2020, Žilina
- Topic: Pharmacy and Protection of life.

• Anton Neuwirth prize award

- 28. 3. 2020, Žilina

- The UN has already in 1948 approved that every human being has the right to live.
- Human life begins at the moment of conception.
- A child's heart starts beating in the 4th week after the conception.

We believe that any developed and responsible society is supposed to protect conceived – invisible people. Therefore, we celebrate The Day of The Unborn Child in Slovakia every year.

Support us, please. Thank you.
